Experience

Front-End Developer Intern – Bevywise Networks LLP

Jul 2025 – Aug 2025

Tirunelveli, India

- Contributed to the development of a real-time UPS Management System, building React components that processed and displayed live power, battery, and fault data across multiple units.
- Debugged and tested application components across browsers and screen sizes to ensure consistent and reliable behavior of real-time data views.
- Built reusable component structures and collaborated with the development team throughout the software development lifecycle to review, refine, and deliver application features.

Projects

Inventory Management App | Salesforce, Apex, Platform Events, Automation

- Developed a Salesforce-based inventory management application using custom objects and Apex to manage inventory records and stock data on the Salesforce platform.
- Implemented an event-driven architecture with Platform Events and Apex to publish and process inventory events asynchronously.
- Automated inventory workflows with Salesforce automation, reducing manual tracking and update effort.

BloodLine | Python, FastAPI, React, PostgreSQL, n8n, Twilio, REST APIs

- Developed an emergency blood coordination platform that matches blood requests with eligible nearby donors based on blood group, location, and availability.
- Built FastAPI REST services and PostgreSQL data models for managing donor profiles, blood requests, matching, responses, and request lifecycle states.
- Automated donor outreach using n8n and Twilio SMS/WhatsApp APIs with webhook-based response handling, retry mechanisms, and time-based escalation.

Skills

- **Programming:** C, Python, Java, Apex
- **Salesforce:** Salesforce Administration, Apex, SOQL
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming (OOP), Operating Systems
- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap
- **Backend & APIs:** Spring Boot
- **Databases:** MySQL, SOQL

Education

St. Joseph's Institute of Technology, Chennai

2023 – 2027

B.E. Computer Science and Engineering

CGPA: 7.8 / 10

Sri Jayendra Golden Jubilee Matric Hr.Sec School, Tirunelveli

2022 – 2023

Higher Secondary Education (12th Grade)

Percentage: 70%

Achievements & Certifications

- IEEE YESIST12 2025 – Grand Finale Finalist, Innovation Challenge; selected among 1000+ submissions.
- Solved 1,000+ problems across various platforms, including LeetCode, CodeChef, and HackerRank.
- Participated in various hackathons, collaborating with teams to develop innovative solutions to real-world problems.
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional.
- Database Management System – NPTEL.
- Stress Management – NPTEL (Elite-Silver).
